Proposed Option Subject Choices for Year 10

- In Year 10 you will study English, Mathematics, Science, Social Studies and Physical Education alongside your chosen option subjects.
- You are able to choose six option subjects. Each option subject runs for 13 weeks.
- Some subjects have a (1) or (2) behind them. This means the course has two modules. Once you have completed module 1 satisfactorily, then you may move into module 2. You cannot choose a module (2) without first choosing a module (1). Each option module runs for 13 weeks.
- In order to take a subject for NCEA Level 1, you will need to complete the (1) and (2) module of your chosen option subject.
