## Student Cybersafety Use Agreement

All Whakatane High School students are empowered to become positive digital citizens.

Digital citizenship combines the confident use of:

- **Skills and strategies** to access technology to communicate, connect, collaborate, and create
- **Attitudes, underpinned by values** that support personal integrity and positive connection with others
- **Understanding and knowledge of the digital environments and contexts** in which they are working, and how they integrate on/offline spaces

And then, critically, for students to have the ability to **draw on this competency of "digital fluency"** to participate in life-enhancing opportunities (social, economic, cultural, civil) and achieve their goals in ways that make an important difference.

Families will receive a Cybersafety Use Agreement to sign at enrolment and be provided with additional Cybersafety information and development offered by Whakatane High School.
